## SUMMARY

I have contributed to various projects that highlight my ability to create visually appealing and functional websites. Eager to collaborate within a team environment, I am committed to continuous improvement and learning, aiming to stay updated with the latest web trends and technologies. My experience includes working on responsive design, basic content management systems, and enhancing site performance, all while maintaining a focus on client objectives and user satisfaction. Ready to take on new challenges in the dynamic field of web design and development.

## KEY ACHIEVEMENTS

### Customer Satisfaction Leader

Maintained a buyer satisfaction rate of 98% over five years.
